Memorial Offering

TO CHICAGO

By special request, this Photograph was taken by Mr. Mosher for his historical collection of Memorial Portraits of prominent men and women, for the Second Centennial, 1976. When the collection is complete they are to be classified and deeded, with memoirs and valuable statistics, to Chicago, and preserved with the city archives in a memorial safe in the great vaults of the Court House, where suitable space has been provided by the Council, and approved by Mayor Harrison January 21st, 1880; and there will be a request in the deed to have the Mayor of Chicago, in 1976, confer with the Centennial Commission to provide a place for these portraits and statistics in Memorial Hall, at the Second Centennial Anniversary of American Independence. 'Tis then these portraits and histories will become a priceless treasure, and of great value to our descendants and to historians, that we can not now afford to neglect the opportunity of giving.

"When other men our lands will till—
When other men our streets will fill,
And other birds will sing as gay—
As bright the sunshine as to-day,
A hundred years from now."
